

We Do Not Sell, We Certify!

NEWSLETTER

FEBRUARY 2023

DIRECTOR'S MESSAGE

When you do the right thing and earn your clients' trust, you build a brand. In the conclave held by the International Accreditation Service, the above statement was proved by the SIS Certifications Pvt. Ltd. During the event, in the presence of number of certification bodies, SIS Certifications has been awarded ISO/IEC 17021-1 which is symbol of excellent services provided to the clients and society as a whole.

Completing the journey of the certification, we congratulate Gyan Devi Public school for successfully qualifying the requirements of ISO 21001:2018 and receiving the accredited certification by SIS Certifications Pvt. Ltd. It establishes the way towards quality education along with safety and overall well-being. Certifying our first educational institute client with ISO 21001:2018 in Gurgaon, we cherished the journey of the complete process. The welcome we received in the first ceremony was commendable and are thankful for the gesture shown by the Gyan Devi Public School's management and staff. With the beginning of the fabulous February, we landed on our new beginnings in terms of expansion of the business, and professional and personal growth with the Bhumi Puja of our new office has been a moment of prosperity and growth. Since SIS Certifications always recognized their employees' contribution, we have expanded our heartfelt premise of the office which has been and now hold a huge space on the floor. We will now be having more professionals in our family working together and resulting in overall growth. Taking positivity and growth ahead in March, we are entering the exhibition at Bhiwadi with our stall no. D-29 which is the event about the awareness of new products and services. With commitment to our tagline, "We Do Not Sell, We Certify!" we are determined to provide our services with precise efficiency and cost efficiency. We are looking forward to a better future with all your best wishes.

SIS CERTIFICATIONS PVT. LTD DECLARED AS ISO/IEC 17021-1 COMPLIANT BY INTERNATIONAL ACCREDITATION SERVICE.

SIS CERTIFICATIONS PVT. LTD. RECEIVED THE AWARD OF ISO/IEC 17021-1 TO CONTINUE PROVIDING EXCELLENT SERVICES.

New Delhi, India (28-02-2023) - The International Accreditation Service's recognition of SIS Certifications Pvt. Ltd. as complying with ISO/IEC standard 17021-1 is a source of significant pride for the company. SIS Certifications Pvt. Ltd. has positioned itself as a powerful participant in the market for its services as a result of this recognition.

Certification bodies (CBs) must adhere to ISO 17021 standards to guarantee the certification of a system is handled consistently and impartially. It was developed in response to the need for a globally accepted standard that would simplify the acceptance of certificates issued by organizations conducting conformity assessments at the national and international levels, hence facilitating international trade. This measure was taken to satisfy the demand for a certification standard applicable internationally for management systems.

SIS Certifications Pvt. Ltd. has demonstrated time and again that it is committed to upholding IAS's decades-long mission. Recognizing IAS's dedication to the growth of the organization, SIS Certifications Pvt. Ltd. has provided a testimonial in appreciation and would like to express its gratitude for reaccrediting it to the ISO/IEC 17021-1 standard, which is indicative of SIS Certifications' expertise and dedication to quality. With "One Test, One Inspection, One Certification Globally" as its guiding philosophy, the purpose of IAS is to provide the highest-quality accreditation services to anybody concerned with public safety and sustainability.

IAS swiftly issued the amended certificate, and the corporation is working hard at developing new certification programs for businesses and organizations who wish to show their commitment to professional excellence.

The International Accreditation Service (IAS) is devoted to delivering accreditation programs and related services that fulfill the needs and expectations of its clients and are in line with ISO/IEC Standard 17011.

TESTIMONIAL TO IAS

SIS Certifications
We Do Not Sell, We Certify!

TESTIMONIAL

We are honored to write this note of gratitude to one of the leading accreditation bodies the International Accreditation Service (IAS) for their services and support to the industry. Initially, we were accredited for just three ISO standards and gradually it reached the count of nine.

We are grateful to IAS for understanding our potential and rightfully assessing and awarding us the accreditation for multiple critical International Management System standards such as ISO 41001, ISO 22301, and SO 21001.

In addition to this, it is of immense pleasure to share that we are the only certification bodies in India that is accredited for ISO 41001:2018 certification by IAS and that would not have been possible without IAS's effective functioning.

We indeed want to make special mention of the guidance and unparalleled support extended to SIS Certifications for successfully achieving the standard ISO 21001:2018 "Educational organizations Management Systems".

As our relationship continues to grow, we are expecting to opt for more emerging standards accredited by IAS. We are really appreciative of the continuous efforts you have made to make our business more responsible in this contemporary world.

We, the whole team of SIS Certifications wish IAS a very bright future to grow this industry. We wish them all the best.

WITH ALL DUE REGARDS,

Arunendra Dvivedi

CERTIFICATION CEREMONY OF OUR FIRST EDUCATIONAL INSTITUTE CLIENT WITH ISO 21001:2018

Gyan Devi Public School received ISO 21001 award from SIS Certifications, paving the way for a great future of students with a high standard of instruction as well as safety and general wellbeing.

A GLIMPSE OF AN AWARD CEREMONY HELD AT THE PREMISE OF GYAN DEVI PUBLIC SCHOOL

SIS Certifications Pvt. Ltd. felt a sense of honor in the gracious presence of the Chief guest of the event Dr. Tanu Bhardwaj, State Coordinator, SCERT, to have awarded Gyan Devi Public School with ISO 21001:2018 Certificate. ISO 21001:2018 is essential for schools since it helps standardize education administration and ensures it is responsive to students' needs. Its objective is to assist educational institutions including universities, colleges, and training centers in adopting and implementing high standards of practice. ISO 9001 is a widely adopted quality management system, and it is the foundation for ISO 21001:2018. Thanks for the pleasant welcome at the event by the Gyan Devi Group of Schools' Chairman Mr. Joginder Singh Yadav and Managing Director of the School Mrs. Neena Yadav.

During the event, Dr. Tanu Bhardwaj emphasized the importance of quality education and simultaneously getting your educational institution certified with ISO 21001:2018. "With the quality education, students' upbringing must include sacraments", she said. Gyan Devi Public School is an English-medium senior secondary school, and it is an honor to announce that the recognized educational institute is now ISO 21001:2018 certified after meeting all the requirements.

The enthusiasm they showed in the journey of certification is commendable. We congratulate them and wish them the best of luck. SIS Certifications Pvt. Ltd. certifies organizations of all types and sizes with ISO Certificates such as ISO 9001, ISO 14001, ISO 21001, ISO 27001, and ISO 45001. ISO Certifications have outstanding benefits. When you successfully get your business certified with ISO standards, it makes business processes defined and quality become consistent. You will be clear about what the requirement is and what standards you have to follow to complete business processes. Consistent processes help in avoiding duplication, identifying the problems that occur during the work process, and efficient and effective ways to solve them immediately. If any problem interrupts business processes, it will be traced easily and fixed from the root so that it never shows up again and results in reducing disruptions in the organization.

MONTHLY UPDATED BUSINESS NEWS

PARADISO SOFTWARE PRIVATE LIMITED
AWARDED ISO 9001:2015 & ISO/IEC 27001:2013.

As we go forward into the year 2023, the indications of improvement that have been appearing throughout the course of the previous year continue to flourish. Those businesses and organizations who have prevailed through the recent and current upheaval are putting their newly gained resiliency to good use by utilizing it as a platform to launch themselves into the future.

COUNTER ATTACKS AGAINST CYBER SECURITY

Cyber-attacks are costly, and disruptive and pose a growing threat to businesses, governments, and society. Fortunately, an arsenal of standards helps keep pace. Cybercrime has increased. And as we enter the digital age, the era of the so-called fourth industrial revolution, it is becoming increasingly sophisticated and harsh, with serious consequences. As cybercriminals become more skillful, cybercrime has affected all of our lives somehow.

HINDUSTAN AERONAUTICS LIMITED (HAL),

Subject: Letter of Appreciation

It is a pleasure for us to write this note of Thanks to the entire SIS Certifications team – extending this word of appreciation to the GM Operations, the co-ordination and support teams, the auditors who have visited us for conducting audits pertaining to QMS (9001:2015), EMS (14001:2015), OHSMS (45001:2018).

We indeed want to make special mention of the guidance and unparalleled support extended to us for successful implementation of the newly introduced standard "Business Continuity Management System" covered as ISO 22301:2019. This gained momentum during the pandemic period and the SIS Team supported extensively in conducting the first witness audit at our premises in D-19, Sector 80 Noida.

Appreciate your continuous efforts in helping us strengthen our Quality Systems year on year.

Thanks and Regards

Appreciation Letter for SIS Certification

I would like to say Thank You to SIS Certifications, it was a great experience with the SIS Certification team. The entire process was handled professionally by the lead auditors, who assisted our system according to the ISO standards.

Working with SIS Certifications helped us tremendously as our ambition is to be one of the best-unfortified food producers after ISO Certification. There is positive continuous improvement due to the expertise of SIS Certifications and the intelligent approach of the auditors of SIS Certifications for the upliftment of the organization like us and their clarity of the various subjects on the ground reality is unmatched.

SIS Certifications certainly helped us with continual improvement in the process and system contributing towards producing good quality products. We are delighted to recommend SIS Certifications for ISO certification. The team was experienced, professional, and very pleasant to work with them. They recommend us the best ISO Certifications to improve our services.

The story of Gulf Resources Meat Company

Gulf Resources Meat Company, the enterprise was founded some 20 years ago started in a small factory in a place called Shuwaikh, Kuwait. As business began growing, it was decided to relocate to Subhan Industrial Area (Kuwait). Since opening their current facility Al-Mawarid has enjoyed sustained growth and they believe this is due to the rigorous adherence to a philosophy of continual development and improvement, both in their infrastructure and in their professional skills.

With the customer's interest at heart, and in order to provide the best service to supply the increasing demand for meat and produce, the primary brand, Al-Mawarid was born. Today Al-Mawarid is proud to have a 30,000 square feet facility, with sixty employees, and a fleet of trucks that handle the distribution of fresh produce and meat to Cooperatives, Supermarkets, restaurants, and companies throughout the State of Kuwait. The product from Al-Mawarid has constantly evolved to meet the market demands. Major investment in prime, centrally located modern premises, and high-tech machinery mean that the customers can be confident their our products are prepared to consistently meet GCC legislative requirements.

Their operations system is designed to ensure that the cold chain is correctly maintained from the manufacturer through to the customer. Great care is taken with packaging for maximum hygiene, and to offer protection during transit to maintain shelf life. All of their suppliers and manufacturers undergo inspections to ensure that they meet the standards demanded by them and their customers. Their commitment to quality extends through the cold chain and is maintained by continuous control and monitoring.

The meat inspection standards are followed at all times. They strive to produce the best quality meat and poultry, ensuring that their customers get what they need, when they need it, with assurances and accreditation in place to protect the end user. They are trusted, respected, and capable, with thriving local partnerships.

The Gulf Resources Meat Company Services has committed to developing and implementing a Food Safety Management System (FSMS) and continually improving its effectiveness through setting objectives, meeting statutory and regulatory requirements, and following food safety policy.

As a part of the Gulf Resources Meat Company Services' ongoing initiatives towards protecting the consumer's health, creating awareness of food safety in the food chain of the organization, and enhancing the food safety practices of the organization's food services by meeting all local and international statutory, and regulatory requirements for food safety, They follow the conditions of Standard Operating Procedures, Standard Sanitizing Operating Procedures, and Good Manufacturing Practices strictly in their food product handling, storage, and transportation processes.

All sorts of preventive action are taken so that the food product receiving, handling, and storage areas are devoid of dirt, flies, rodents, and waste. To ensure the safety of Raw Materials during purchase, receiving, and storage with regard to Physical, Chemical & Biological Hazards. Furthermore, ensuring safety during the processing of the same and distribution of the end products. This is done through a Series of Controlled Operations like Thawing, Preparation, Washing & Sanitation, Cooking, Portioning, Packing & Transportation so as to distribute the Finished Food, which is Safe for Human Consumption.

The management authorities of Gulf Resources Meat Company Services have decided to implement a food safety management system with a view to gaining third-party certification to ISO 22000:2018.

Clients are from the below sectors.

Retails shops

Wholesale market

Hotels
