

📢 Job Opening: Cyber Security Consultant

We are hiring for the position of Cyber Security Specialist at our Head Office in Sector 48, Gurgaon.

Job Title: Cyber Security Specialist – Information Security & ISO Implementation

Location: Gurgaon (Work from Office)

Department: Information Security / Audit & Implementation

About SIS Certifications

SIS Certifications Pvt. Ltd. is a globally recognized and accredited certification body, operating in more than 50 countries with over 10,000 certified clients. Accredited by IAS (USA) and UAF, we are known for our ethical practices, global compliance expertise, and technical excellence.

We serve a wide range of industries including IT, manufacturing, logistics, education, and government organizations.

Role Overview

We are seeking an experienced Cyber Security Specialist to conduct audits, assessments, and implementations of

We Do Not Sell, We Certify!

information security systems based on NIST frameworks and relevant ISO standards (e.g., ISO/IEC 27001, 27002, 27701, 22301, 20000-1).

The candidate will work closely with client organizations to evaluate their cyber security posture, identify vulnerabilities, and design or recommend controls that align with international security best practices.

Key Responsibilities

- Conduct cyber security audits and risk assessments of clients' IT infrastructure and information systems.
- Evaluate organizational compliance with NIST Cybersecurity Framework (CSF) and ISO/IEC standards.
- Design and implement information security management systems (ISMS), including policies, procedures, and controls.
- Identify gaps and recommend improvements to meet regulatory and compliance requirements.
- Coordinate with clients to close non-conformities and improve system resilience.
- Support vulnerability management, threat assessment, and incident response planning.
- Provide consultation for certification readiness and participate in internal technical reviews.
- Maintain up-to-date knowledge of emerging cyber threats, standards, and best practices.

Required Skills and Competencies

- Strong understanding of NIST Cybersecurity Framework, ISO/IEC 27001, ISO 27701, and related standards.
- Experience in information security auditing, risk assessment, and implementation.
- Knowledge of network security, cloud security, data protection, and system hardening.
- Proficiency in vulnerability assessment tools and incident response frameworks.
- Good communication and client coordination skills.
- Relevant certifications preferred (any of the following):
 - ISO/IEC 27001 Lead Auditor / Implementer
 - CEH / CISA / CISSP / CompTIA Security+ / NIST Cybersecurity Specialist

Qualifications

- Bachelor's or Master's degree in Computer Science, Information Technology, Cyber Security, or a related field.
- Minimum 3–6 years of experience in cyber security audits, implementation, or consulting.
- Experience working with ISO certification bodies or consulting firms preferred.

Work Mode

Full-time | Work from Office (Gurgaon)

Why Join SIS Certifications

- Work on global information security projects with diverse industries.
- Exposure to both ISO certification and cyber security consulting environments.
- Collaborative and professional culture that values ethics, compliance, and innovation.

📍 Location: SIS Certifications Pvt. Ltd., Sector 48, Gurgaon (Head Office)
