

🔔 Job Opening: Django Developer

We are hiring for the position of Django Developer at our Head Office in Sector 48, Gurgaon.

Django Developer

Compensation: ₹3.5–4 LPA (CTC), based on qualifications and experience.

Role Overview

We are seeking a highly skilled Full-Stack Developer (Python Django) who will be responsible for managing and developing our in-house business website, CMS, and CRM platforms.

The candidate will work on a range of projects involving multi-regional CRM systems, internationalized web applications, and database-driven backend architectures.

Key Responsibilities –

- Develop, maintain, and enhance the in-house CMS and cross-region CRM systems built using Python and Django.
- Design efficient, secure, and scalable databases using SQL and NoSQL (MongoDB, Redis).
- Implement clean and maintainable REST APIs and backend logic following PEP8 coding standards and Flake8linting practices.

- Ensure the website and applications are mobile responsive, multi-language enabled (i18n), and optimized for performance.
- Work closely with the content, marketing, and operations teams to facilitate seamless integration and data flow.
- Handle bug fixes, upgrades, and continuous improvements to enhance user experience and system stability.
- Collaborate in developing automation tools, dashboards, and data management systems for internal use.

Required Technical Skills –

- Backend: Python, Django Framework
- Databases: SQL, PostgreSQL/MySQL, MongoDB, Redis
- Frontend: HTML5, CSS3, Bootstrap, Tailwind CSS, JavaScript (basic)
- Version Control: Git / GitHub

Other Skills:

- API integration, debugging, deployment, server-side scripting
- Strong understanding of MVC architecture, ORM, and software design principles

Preferred Attributes –

- Strong analytical mindset and problem-solving attitude.
- Ability to understand system logic and design modular, scalable solutions.
- Passionate about clean code and standard compliance.

- Ability to manage end-to-end project development independently.
- Commitment to timely delivery, quality, and documentation.

Work Mode

- Full-time | Work from Office (Gurgaon)

Why Join SIS Certifications

- Opportunity to work on international-scale systems with global integrations.
- Exposure to cross-industry and multi-country data management.
- Professional growth in a process-driven and technologically evolving environment.
- Be part of an organization driven by ethics, innovation, and excellence.

📍 Location: SIS Certifications Pvt. Ltd., Sector 48, Gurgaon (Head Office)
