DIRECTOR'S MESSAGE

February 2026

| www.siscertifications.com

Message from Director
Mr. Arunendra Dvivedi

Dear Team,

As we move through 2026, February has been a month of momentum – marked by new opportunities, expanding global partnerships, and a deepened commitment to excellence.

A personal highlight was my visit to Oman, where I had the privilege of engaging with stakeholders at the Suhar Investment Forum and the Oman Chamber of Commerce and Industry. A particularly meaningful moment was meeting Mr. Pankaj Khimji and the senior leadership of Jindal Steel Oman, whose vision for operational excellence and global standards alignment was both impressive and inspiring. These conversations reflected the region's growing ambition to align with internationally recognized standards and compete on the world stage.

Our expanding engagement in Nigeria and other emerging markets tells a similar story. Organizations are no longer viewing structured management systems as a checkbox; they see them as a foundation for resilience and long-term growth. Demand for integrated compliance solutions across quality management, cybersecurity (ISO 27001/27701), environmental sustainability (ISO 14001), and occupational health and safety (ISO 45001) has never been stronger.

For us at SIS Certifications, this momentum is both humbling and energizing. February has brought encouraging growth, stronger international outreach, and deeper client trust. As we look ahead, our focus remains firm: **innovation, digital transformation, and developing the talent that will help organizations build future-ready compliance ecosystems.**

To our team, clients, and partners, thank you. Your trust and collaboration are what make this journey meaningful.

California Scaffolding & Formwork Factory Successfully Completes ISO 9001:2015 Surveillance 02 Audit with SIS Certifications

California Scaffolding & Formwork Factory, a leading manufacturing company for construction solutions, has completed its ISO 9001:2015 Surveillance 02 Audit conducted by IAS-accredited SIS Certifications. This accomplishment highlights California Scaffolding & Formwork Factory's disciplined Quality Management System implementation and sustained commitment to quality management, customer focus on customer-focused.

ISO 9001:2015 is a global benchmark for Quality Management Systems, which ensures a systematic framework for process efficiency, compliance management, and performance monitoring. The standard emphasizes operational stability, customer satisfaction, and continual improvement.

Canadian Scientific Solution Inc. Strengthens Quality Commitment with ISO 9001:2015 Certification

In a significant achievement, Canadian Scientific Solutions Inc secures IAS-accredited ISO 9001:2015 certification from SIS Certifications. This achievement reinforces its dedication to operational excellence and quality assurance.

ISO 9001:2015 promotes risk-based thinking with process optimization and continual improvement through performance monitoring. By adapting this

comprehensive framework, organizations ensure accountability and maintain consistent service and product quality.

Infoglen LLC achieved ISO/IEC 27001:2022 from SIS Certifications

Infoglen LLC has successfully maintained its ISO/IEC 27001:2022 certification under IAS accreditation following the successful completion of its Surveillance Audit conducted by SIS Certifications, a leading certification body, headquartered in India.

ISO/IEC 27001:2022 is an internationally recognized standard for Information Security Management System (ISMS). The standard ensures confidentiality, integrity, and availability of information assets through a systematic framework that identifies, assesses, and

manages information security risks. ISO/IEC 27001:2022 adopts a risk-based approach to information security by integrating cybersecurity governance, data controls, and incident response mechanisms into all internal processes of the organization.

DAV Fertilizer Public School Secures IAS-Accredited ISO 9001:2015 Certification

Warmest congratulations to DAV Fertilizer Public School for achieving IAS-accredited ISO 9001:2015 certification from SIS Certifications. This certification reinforces the school's structured quality management practices in academic activities.

This significant milestone displays DAV Fertilizer Public School's commitment to academic discipline and student-focused educational excellence.

By implementing ISO 9001:2015, organizations align the internal processes with global quality benchmarks, while strengthening accountability across departments. ISO 9001:2015 (Quality Management System) establishes a structured framework for quality management systems to streamline academic planning, reduce process gaps, and ensure consistent educational quality.

India's Digital Economy Vision Is Big with the Digital Personal Data Protection DPDP Act

India aims to become a trillion-dollar digital economy, characterized by platforms, data, AI, fintech, e-commerce, and health tech. India seeks to scale rapidly by focusing on innovation and expanding globally, with a particular emphasis on data privacy and information security.

However, the truth is that a digital economy without data protection is just growth on borrowed trust.

That's where the Digital Personal Data Protection (DPDP) Act comes in, not as red tape but as bureaucracy. The Digital Personal Data Protection (DPDP) Act serves as the legal foundation that makes India's digital vision credible and internationally recognized.

Incidents that create a demand for drafting the Digital Personal Data Protection (DPDP) Act.

Audit-Proof Identity Access Management for CERT-In Compliance

CERT-In directions and current audit expectations require demonstrable proof of controlled access through 180 days of security logs and timestamps. Multiple industry reports indicate elevated malware activity across several Indian regions as tier-2 expansion accelerates digital adoption – for instance, 265 million malware detections across 8+ million endpoints in 2025, with threat teams tracking India-linked indicators of compromise.

SIS Certifications Expands GCC Footprint with Strategic Oman Engagement

February 2026

www.siscertifications.com

Expanding the GCC Footprint — Following successful Qatar engagements, Managing Director Mr. Arunendra Dvivedi extended SIS Certifications' regional outreach with a strategic visit to Oman (February 1–3, 2026).

Conversations That Count — Meetings with the Suhar Investment Forum and the Oman Chamber of Commerce and Industry opened new avenues for collaboration, forging meaningful connections within Oman's growing industrial ecosystem. Notable engagements included Mr. Qais Lamki, CEO of NEO Group, Oman and Mr. Harsha Shetty, CEO of Jindal Steel Oman — leaders whose commitment to operational excellence and global standards alignment was both impressive and inspiring.

A Market Ready for Standards — Ground interactions revealed strong demand for ISO 9001 (Quality), ISO 27001 (Cybersecurity), ISO 14001 (Environment), and ISO 45001 (Occupational Health & Safety) across manufacturing, logistics, infrastructure, and technology — closely aligned with the priorities of Oman Vision 2040.

Building Lasting Partnerships — The visit reinforced SIS Certifications' position as a trusted certification and compliance body in Oman, supporting organizations in meeting global standards and building future-ready operations.
