DIRECTOR'S MESSAGE

MAY 2026

| www.siscertifications.com

Message from Director
Mr. Arunendra Dvivedi

Dear Team,

As we move into June, I reflect on a May that carried both personal significance and organisational momentum. SIS Certifications completed another year of its journey this month – and with each passing year, the work we do feels more purposeful.

Global demand for credible, accredited certification continues to grow. Organisations are recognising that compliance is no longer a checkbox – it is a competitive differentiator. Our IAS-accredited certifications, spanning ISO 27001, ISO 22301, ISO 9001, and 20+ other standards, remain central to that conversation.

What this year has made visible is the depth of relationships we have built over time. Partnerships nurtured across geographies are now opening doors to new markets and new opportunities to serve organisations ready to raise their standards. That kind of trust is not built quickly.

May also brought opportunities for direct engagement with clients and partners across international markets, reinforcing SIS's standing as a certification body that leads with integrity – on the ground, not just on paper.

As we enter the new month, our focus remains firm: operational excellence, technology-led assurance, and client trust built one certification at a time.

Thank you for your continued dedication and partnership.

Wishing you all a productive June.

Arunendra Dvivedi
